

Special advantages:

- Compact bench top mounted machine
- Only for external skiving
- Adjustable tools (skiving length and depth)
- Quick change system
- Limit switch
- Operated by foot pedal

Operating Range:

- Hydraulic hoses from DN06 (1/4") up to DN50 (2")

Technical data:

Dimensions in mm: width 240, depth 760, height 330

Electric supply: 380V, 50Hz, 3Ph / 0.55 kW, 309 rpm

Weight: 28 KG

Technical changes are reserved at any time.
